NATURE'S SIMPLEST SAGA

*Where nature takes its course,
and whispers a soft lullaby.*

*Where grass gently brushes your feet,
and pronounces victory.*

*Where serenity is the only reality
and nirvana is unwavering.*

*Where art and inspiration are potted,
and innovation sprouts a discovery soiled in ambiguity,
and a canvas painted lush green.*

*Where the beauty of creation is restored,
and home feels like a meadow.*

*Earthy tones that are at the heart of nature,
and imprints of fantasy that captivate.*

*Where novelty runs through your veins,
and desires resurrect leisure, solace and regeneration.*

This is the courtyard.

The Courtyard Collection is a phenomenal amalgamation of attractive surfaces that translates the beauty of the elements of nature into its full glory through mesmerizing shades, surfaces, and textures. This collection is curated to express the unparalleled architectural vision by allowing design freedom through its contemporary and classy charm.

TAKING CARE MADE SIMPLE

We are always concerned about our grandparents getting injured from slipping on wet and algae-ridden floors. At Simpolo, we have created a special kind of matt finish that has anti-slip and anti-algae properties, which will protect your grandma and grandpa from slipping on wet areas! We are delighted to introduce the 'Protect' surface, developed primarily to save senior citizens from falling and getting injured due to wet floors and algae build-ups.

Along with the materials like water, oil, grease, etc. we have also taken care of the elements created by the environmental conditions, like algae, which makes the surface slippery. 'Protect' surface stops the formation and development of the algae and makes it an anti-algae surface. These qualities of the 'Protect' surface make it an anti-skid in the true sense.

iM⁺ TECHNOLOGY

TOWARDS A BETTER YOU

While our control over the happenings in the world outside is quite limited, we must surely take onus of safety within our own happy place. Today, one's safety, health and wellness are amongst the greatest concerns globally, and this has given us an opportunity to innovate, and to come up with unique solutions that either eliminate or lessen the challenges we face each day.

Utilizing our latest production systems, we introduce you to a technology that removes uncertainties or doubts involving safety within your home - 'iM⁺ Technology'. The technology helps the product surface repel any liquid and does not allow unwanted or harmful living organisms to stay or grow. This water repellent and anti-bacterial surface created with 'iM⁺' requires the lowest maintenance efforts, keeping you from second-guessing your safety indoors.

With the tiles of the 'Courtyard Collection' at your home, you won't be worrying about your toddler getting a bacterial infection or your grandparents slipping on the wet floors as the surfaces of 'Courtyard' are antibacterial and anti-skid.

-  LIQUID REPELLENT
-  STAIN RESISTANT
-  SCRATCH RESISTANT
-  FIRE RESISTANT
-  RESISTANT TO UV RAYS
-  IMPACT RESISTANT
